

PROFESSIONAL SUMMARY

UX/UI Designer with 4+ years of experience designing enterprise applications, web platforms, dashboards, and mobile experiences. Skilled in user research, wireframing, prototyping, design systems, interaction design, usability testing, and accessibility standards. Proven ability to collaborate with product managers, developers, and stakeholders to deliver scalable, user-centered solutions that improve efficiency, user satisfaction, and business outcomes. Proficient in Figma, Framer, Webflow, Adobe XD, AI tools and modern design workflows.

CORE SKILLS

- UX:** User Research, User Interviews, Persona Creation, User Journey Mapping, Information Architecture, Usability Testing, Interaction Design, Accessibility (WCAG), Design Thinking
- UI:** Wire framing, Prototyping, Visual Design, Responsive Design, Mobile App Design, Dashboard Design, Enterprise Applications
- Design System:** Component Libraries, Design Tokens, Design Documentation, Design Governance, Scalable UI Systems
- Tools:** Figma, Claude, Framer, Webflow, Adobe XD, Axure RP, Photoshop, Illustrator, Canva, VS Code
- Front-End Knowledge:** HTML5, CSS3, Tailwind CSS, Bootstrap, Responsive Layouts

PROFESSIONAL EXPERIENCE

- UX Designer | Ensylon | Jaipur**

September 2025 - Present

 - Designed and maintained scalable design systems, reusable components, design tokens, and documentation to ensure consistency and efficiency across products.
 - Created wireframes, user flows, high-fidelity interfaces, and interactive prototypes in Figma, improving usability through research-driven and iterative design decisions.
 - Collaborated with product managers, engineers, and business stakeholders throughout the product lifecycle to define requirements, validate solutions, and deliver impactful user experiences.
 - Conducted user research, usability testing, and stakeholder discussions to identify pain points and inform product improvements.
 - Contributed to employee self-service, attendance, leave management, and workflow automation solutions, improving process efficiency and user experience across HR operations.
- UX Designer | Cognitive Stars | Jaipur**

July 2024 - September 2025

 - Competent in creating aesthetically appealing Power BI dashboards that maximize effectiveness of reports and optimize user experience.
 - Participated in brainstorming sessions that generated over 5% innovative design concepts, significantly contributing to project objectives, resulting in a 20% improvement in project efficiency.
 - Led branding initiatives including logo design, visual identity systems, and website design for clients.
 - Created marketing collateral, brochures, social media creatives, and promotional materials to support brand awareness and customer engagement.
- UI/UX Designer | Techcream Solutions | Jabalpur**

January 2022 - October 2023

 - Designed responsive websites, web applications, and user interfaces focused on usability, accessibility, visual consistency, and seamless user experiences.
 - Crafted engaging user interfaces that enhanced user experience and customer engagement.
 - Created wireframes, mockups, and prototypes to transform requirements into intuitive solutions.
 - Collaborated with developers to deliver responsive designs using modern frontend technologies.
 - Conducted user testing to improve usability, accessibility, and overall user satisfaction.

KEY PROJECTS

- [Design System](#) – Design Systems, Components, Design Tokens, Documentation
- [Employee Portal](#)– Employee Self-Service, HR Operations, Workflow Automation, Enterprise UX
- [YouTube Redesign](#) – UX Audit, Information Architecture, Usability Improvements
- [Carwaalah](#) – Booking Platform, User Flows, Web Design

EDUCATION

- Bachelor of Engineering (Electronics & Communication Engineering)**
- Shri Ram Institute of Technology, Jabalpur | **CGPA: 7.6/10**
- August 2015 - December 2019**
